ADVANCED TRAINING AT THE JAVAD GNSS FACILITY IN SAN JOSE, CA

INSTRUCTOR: SHAWN BILLINGS, RPLS
Land Surveyor and one of the developers of the Triumph system, Shawn uses a combination of lecture and real-world, in-the-field labs to ensure you learn all you can during this 2-day training in sunny California.

This Advanced training would normally cost \$2,000, but we are offering this 2 Day training at **HALF PRICE!!!**

For just \$1,000 you'll receive:
\$2,000 of Advanced Training
Breakfast and lunch daily
Tour of the Javad GNSS facility
Network with fellow users

Up to 16 Hours of Continuing Education Credits

(Check with your State's Licensing Office for credit qualifications)

Special Guest:
Matt Sioble, PLS

...AND MORE!

San Jose is the heart of Silicon Valley. Big names such as Google, Facebook, Hewlett Packard, E-Bay, Apple, etc. are headquartered here as well as Stanford University, Santana Row (see Tesla's line of cars!) and Winchester Mystery House. Less than an hour drive from San Francisco and beautiful beaches, San Jose is also home to beautiful weather and a wide variety of fantastic food.

For suggestions on travel, places to eat, things to do, etc., contact **Rebecca at 903-987-0766**.

Training Topics Include:
